(ORA1593)

LETTER TO FILE FOR MONROEVILLE COMPREHENSIVE PLAN
REZONING ORDINANCES 1592, 1593 AND 1594

The revisions to the municipal zoning map and comprehensive plan represented by the above identified ordinances were the result of actions initiated by Monroeville Council, not by the property owners.

The purpose of a municipal initiated revision to the community comprehensive plan is to direct future development and construction in a manner which is in the best interest of the community.

The action of Council to approve a rezoning in the Garden City Drive/Old William Penn Highway area resulted in an increase in commercial acreage far in excess of that which is consistent with a sound comprehensive plan. This action of Council violated the integrity of the residential community of Garden City, blatantly ignored the stated and documented position of the Garden City residents, and failed to take into consideration the professional opinion of a local realtor who has leased and sold commercial property in Monroeville for twenty years.

While the action of Council to override my veto of these ordinances was successful, I continue my opposition and protest to this action by withholding my signature as Mayor from the ordinances and allowing them to become effective without my signature in accordance with the provisions of the Home Rule Charter.
